Orchard School District has a position open for a counselor intern who would like to satisfy P.P.S. credential internship hours for elementary or middle school. As we are a K-8 district, we can offer either elementary or middle school or both if you would like to stay two semesters. We offer a \$1000 stipend per semester upon completion of each semester.

You will have the opportunity to work with both mainstream students and mainstreamed mild to moderate special education students in our school population. In the internship you will learn about attendance monitoring and compliance, effective school counseling, parent relations, legal issues in school counseling, behavior intervention management and how to develop behavior intervention plans. You will report to the Director of Special Education and the School Principal.

We are looking for a candidate who has successfully completed at least one prior P.P.S. internship. If you are interested in the position, please email me your current resume, a letter of recommendation from one of your professors and one from your program advisor. You may also submit any others that you wish, if written within two years.
