**Imagination Criteria for Transfers**
Some programs will give preference to applicants who have completed program-specific preparatory courses. For these programs, applicants will be ranked on a combination of self-reported GPA and completion of approved program-specific courses or talent-based assessment.

- Program Specific Course Preparation
- Program Specific Associate Degree for Transfer

**New for Fall 2023!**
Animation and Illustration freshmen and transfer applicants are required to submit a talent-based assessment (a short set of drawing exercises provided by SJSU) during the application process. Department/Faculty review of submitted assessment could result in a GPA bump in the admission consideration process.

- Program Specific Supplemental Drawing Exercises

**College of Engineering Applicants**
Freshman applicants to programs in the College of Engineering will be ranked on a modified eligibility index that will place additional emphasis on quantitative skills necessary for success in these majors.

- Special Session Programs
Special Session degree programs are completely funded from student tuition, and they do not receive any financial support from the State of California.

- Spartan Accelerated Graduate Education (SAGE) Scholars
Apply with your advisor to become a Spartan Accelerated Graduate Education (SAGE) Scholar to earn a combined bachelor’s and master’s degree at SJSU. Sometimes they may also satisfy the requirements for a teaching credential. High School Courses

The CSU will consider course grades of “credit” or “pass” as fulfilling “a-g” requirements for those courses completed during winter, spring, summer, and/or fall 2020 terms and during winter, spring, or summer 2021 terms.

SAT/ACT Scores
CSU Board of Trustees unanimously voted to eliminate the use of SAT and ACT test scores in undergraduate admissions. The CSU will be TEST FREE! At SJSU, we encourage you to submit AP, SAT and ACT scores to help with course placement only.

Eligibility Index (EI)
For Fall 2023, SJSU will use your Grade Point Average (GPA) to calculate your Eligibility Index.

Grade Point Average (GPA)
Your official GPA for admission to SJSU may be different than the GPA on your high school transcript. This is because we calculate your high school GPA using your 10th- and 11th-grade a-g courses when considering you for admission.

Note that courses completed with “Pass” or “Credit” grades in 2020 and in the Winter 2021, Spring 2021, or Summer 2021 terms will not be included in the calculation of your GPA.

Graduate
Earn a high school diploma or equivalent.

Impaction Criteria (for Freshmen)
Meeting Minimum Admission Requirements Does Not Guarantee Admission
Admission to San José State is competitive in all majors because SJSU continues to have more qualified applicants than available new student spaces. This situation is called “impaction” and it means that meeting the minimum academic requirements for CSU eligibility does not guarantee admission.

Applicants who have met the minimum CSU eligibility requirements will be ranked in each major by an eligibility index primarily based on the self-reported GPA earned in a-g course requirements at the time of application. SJSU’s eligibility index will continue to include preference to local applicants.

At SJSU, additional consideration will be given to applicants who qualify for the Cal State Apply fee waiver; are the first in their family to graduate from a four-year college (first-generation); and/or are a U.S. veteran.

Applicants to majors in the College of Engineering will be ranked using a modified eligibility index that will take into consideration applicants’ math GPA in combination with the factors listed above.

Applicants to the BFA in Animation and Illustration will be asked to complete a short supplemental drawing exercise as part of the application process. Faculty assessment of the submission could result in an additional GPA bump.

Please see sjsu.edu/admissions/impaction for details about this process for Fall 2023.

### Meet All Deadlines

Check your “To-Do List” in MySJSU for deadlines weekly. If you miss a deadline, we will withdraw your application for admission, and you will not be able to attend SJSU for the term in which you applied. If you have an extreme circumstance that may cause you to miss one of our deadlines, contact admissions@sju.edu prior to the deadline date so that we can help you.

### Local Applicants

San José State gives preference to local applicants. Learn more about local preference at [sisu.edu/admissions/impaction](http://sisu.edu/admissions/impaction)

### Coursework Outside U.S.

When you fill out the admission application at CalState.edu/Apply, you must include all high schools and colleges/universities attended, including those outside of the U.S. Failure to report an institution could negatively affect our ability to verify your eligibility for admission.
Junior Status
(60 semester/90 quarter units)
Complete 60 or more transferable semester units or 90 or more quarter units by the end of the Spring 2023 term. Learn about courses accepted at transfer.sjsu.edu

California College/University Credits
To learn how course credits earned at one public California college or university can be applied when transferred to another, use ASSIST, an online student-transfer information system, at assist.org

Second Bachelor’s Degree
If you are seeking a second bachelor’s degree (except for those entering the nursing program), you will not be admitted. SJSU is an impacted campus that must reserve enrollment capacity for students who are seeking their first bachelor’s degree.

Basic Skills Courses
Complete your four basic skills courses as early as possible. The four basic skills courses must be completed by the end of the Spring 2023 term to be eligible for admission for the Fall 2023 semester. Courses taken during the Summer 2023 term will not be counted toward the completion of academic requirements for Fall 2023. You must earn a “C-” or higher in each basic skills course. SJSU will also accept “Credit” or “Pass” grades for courses taken during 2020, and the Winter 2021, Spring 2021, or Summer 2021 terms to satisfy the following requirements.

☐ 1. One course in oral communication (Area A1)
☐ 2. One course in written composition (Area A2)
☐ 3. One course in critical thinking (Area A3)
☐ 4. One course in college-level mathematics or quantitative reasoning, with intermediate algebra as a prerequisite (Area B4)

Grade Point Average
Earn a college grade point average of 2.00 or better in all transferable courses. Be in good standing at the last college or university attended.

Mandatory Supplemental Application
To be considered for admission, all transfer applicants must complete SJSU’s supplemental application by the deadline posted to your MySJSU account.

Transfer Associate Degree
At SJSU, a California Community College student who has earned the Associate in Arts degree for Transfer (AA-T) or the Associate in Science Degree for Transfer (AS-T) will receive priority admission consideration into an approved similar baccalaureate degree program as long as the student meets all admission requirements. Verification of degree completion will be required prior to enrollment.

Transfers with the AA-T or AS-T degree who do not meet SJSU’s impaction criteria (based on their intended major) are not guaranteed admission to a specific major or campus but will receive priority admission consideration at their local CSU to a program or major that is similar to their associate degree. Visit icangotocollege.com

Impaction Criteria
(for Transfers)
Admission to San José State is competitive in all majors because SJSU continues to have more qualified applicants than available new student spaces. This situation is called “impaction” and it means that meeting the minimum academic requirements does not guarantee admission to San José State.

CSU eligible transfer applicants will be ranked in each major based on their self-reported GPA (as reported in the required supplemental application).

Majors with Preparation Courses
( Program-Specific)
Select majors (degree programs) give preference to applicants who have completed program-specific preparatory courses. These programs are noted in the “Majors” section and will give preference to students based on a combination of their self-reported GPA and the completion of program-specific, lower-division coursework.

For example, if two applicants to the same program have the same GPA, preference will be given to the applicant who has completed the greater number of program-specific preparation courses. Similarly, if two applicants have completed the same number of program-specific preparation courses, preference will be given to the applicant with a higher GPA. The program-specific courses that will be considered are listed at sjsu.edu/admissions/impaction

For more SJSU Transfer Planning Information and Resources: transfer.sjsu.edu

NEW for Fall 2023: Applicants to the BFA in Animation and Illustration must complete a short drawing exercise (portfolio) as part of the application process. Faculty assessment of the submission could result in an additional GPA bump.

** All fees and charges are subject to change without notice. Loan fees could average from $80-$190 depending on one’s career. Non-Resident Fees are charged an additional $396 per unit.

Fees are Subject to Change

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by The Board of Trustees, the Chancellor, or the Presidents, as appropriate. Changes in mandatory systemwide fees will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 - 66028.6 of the Education Code).

California Residency for Tuition Purposes

The determination of residency for tuition purposes affects whether a student pays in-state or out-of-state tuition fees. Out-of-state tuition fees are higher than in-state tuition fees. Just because a student is or has been a resident of the State of California does not mean that they qualify to receive the in-state tuition rate. Certain requirements, established under California law, must be met.

Visit the California State University site at www2.calstate.edu/apply/california-residency-for-tuition-purposes/Pages/default.aspx for additional information regarding residency.

Veterans: please contact the Veterans Resource Center at sjsu.edu/veterans/about/contact-us to see if you qualify for in-state tuition.

In-State Tuition for Certain Nonresidents of California (AB 540 provisions)

If you attended high school in California for at least three full years and graduated or earned an equivalent degree, you may be eligible for resident (in-state) tuition. You must file an AB 540 affidavit with SJSU. You will need to show proof of attendance and graduation.

For more information visit sjsu.edu/registrar/registration/residency/ab540.php

Housing Costs

Housing costs are based on double occupancy, furnished units with a 10-month contract. Rent includes basic utilities, WiFi internet access, and furniture. To view the current costs for our housing facilities, visit housing.sjsu.edu or sjsu.edu/ihouse

All students living in our traditional halls/suites are required to select a full mandatory meal plan. There are a variety of meal plans offered, including plans offering a limited number of meals per semester. Meal plan amounts are subject to change. Financial Aid

San José State University’s Financial Aid and Scholarship Office (FASO) provides assistance to students in securing federal, state, and university financial aid to achieve their educational pursuits. Each year, more than $500 million in financial aid is awarded to eligible SJSU students in the form of scholarships, grants, work-study, and loans - funds that help them focus on their education and complete their degrees. Scholarships

Scholarships are generally based on scholastic achievement and financial need. The Financial Aid and Scholarship Office administers three types of scholarships: SJSU campus-based, department-based and private-based. Hundreds of SJSU scholarships are available, ranging from $250 to $4,000 per year. Students are encouraged to apply for scholarships to lessen the need for loans or part-time work to pay for the cost of attendance. sjsu.edu/faso/types-of-aid/scholarships
