Course Requirements and Assignments
Students have weekly assignments that will be available from Monday of each week to Sunday of the same week. Students can work/submit their assignments anytime throughout the week before the deadline which is Sunday at midnight (11:50 pm).

a) Video of the Week Quiz (10% of total score)
   To have a better understanding of the week’s topic, a short video provided. After watching the video, students need to answer the questions associated with that video.

b) Current Events & Questions (10% of total score)
   To receive maximum benefit from this course, students are expected to participate in all group discussions. Please be on time to submit your assignments. For these assignments, students need to read hospitality related news from reliable sources (such as the websites, which introduced above), and:

   1) Write a minimum of one paragraph about the news of their choice (4 points).
   2) Develop one question from their selected news for group members (2 points).
   3) Respond to one group member’s question (3 points).
   4) Provide the source where they got the news from (include the appropriate reference or link) (1 point).
Evaluation for these assignments will be based on students’ interaction with their group members and group discussions.

c) **Essay Associated with each Chapter from Textbook (10% of total score)**

During the semester several essays will be assigned from the textbook. Students must submit each essay as an individual assignment (*this is not a group assignment*). The essay assignment should be submitted on Canvas before the deadline. Each question in the essay should be analyzed/answered at least in one paragraph.

d) **Critical Thinking Assignments (CTA) (10% of total score)**

Students are assigned to several analytical assignments about different topics related to the hotel industry. After conducting a comprehensive search from different resources, students need to submit their evaluation, understanding, perception, or opinion on the given topic in a minimum of two comprehensive paragraphs.

The criteria for evaluating these assignments will be based on:
1) Addressing the main point of the assignment
2) Providing a relevant answer.
3) Offering advice in a logical order

e) **Hotel Group Project (30% of total score)**

The purpose of this assignment is to identify the structure of the hotel industry. Each group is responsible to choose an individual hotel, brand, or chain and analyze the hotel business. For this project each group needs to collect data for the associated hotel/brand for the following areas:

- General information about the hotel/brand such as history, location, hotel property, SWOT analysis, the structure of the hotel/brand (whether they are an individual hotel, part of a chain hotel, Boutique hotel, B & B, etc.)
- Hotel’s Eco-friendly Policies and Applications
- Hospitality Technology and Innovations Used by the Hotel
- Sale & Marketing
- Operating Strategies
- Human Resource and Staffing
- Housekeeping
- Maintenance Department
- Food and Beverage
- Meeting Services
- Financial and Accounting information (Room rate, ADR, Occupancy Rate, RevPAR, etc.)

Each group needs to conduct comprehensive research utilizing all the available resources such as:
- In-person interview with industry professionals or hotel managers and staff (Optional)
- Associated articles, books, magazines
- Reliable, professional, and official websites
The soft copy of the final report needs to be submitted on the Canvas before the due date. The leader of each group is responsible to submit the report. Minimum of 20 pages report should include:
- Front-page (property and group members’ name)
- Double-space report with appropriate citation
- Table of contents and references

**The criteria for evaluating group projects will be based on:**
1) Content and creativity
2) The novelty of the project.
3) Coherence and professional demonstration of the project (appropriate references, citation, etc.)
4) Team works and contribution
5) Supporting resources of the project (in-person interview, site visit, phone interview, etc.)
6) Peer evaluation of group members (each student will evaluate his/her group members).

It is the student(s) responsibility to stay in touch with group members to decide how they will be working on the group project and splitting the work to get done. If it happened a group member did not collaborate, other group members need to inform the instructor ASAP. Perhaps if the group members complained about a group member, his/her group project score will be much lower than others in the group. Meaning that not everyone in the group will get the same score for the final project.

**f) Exams (30% of total score)**

There will be three (3) online examinations. Exams will be in an objective format and are not cumulative. The examinations may consist of multiple-choice, true/false, fill-in-the-blank, and essay questions, and will cover class materials, activities, and student observations, when applicable. The exam questions will focus on students’ knowledge and intellectual skills by testing their understanding of the covered subjects. The tentative schedule for the exams is as follows:

Exam 1: Chapters 1, 2, 3, 4, 5
Exam 2: Chapters 6, 7, 8, 9, 10
Exam 3: chapters 11, 12, 13, 14
