

Business Administration, Corporate Accounting and Finance Concentration, BS

This concentration integrates accounting and finance disciplines to prepare students for careers in corporate financial management. Offered by the [Department of Accounting and Finance](#), the curriculum develops an understanding of how to obtain capital, distribute funds, manage cash flow, evaluate competing projects, and run a firm from a financial perspective. This concentration teaches how to record, analyze and interpret financial information. The curriculum enhances the attractiveness of its graduates to corporate finance groups as entry-level hires, and for the long-term, positions them for roles as controller, treasurer, and chief financial officer. CAF graduates are able to move between accounting and finance careers, increasing their marketability in a field with great opportunities.
