

MECHANICAL ENGINEERING Student Semester Study Plan

I. Instructions (Use a different form for each semester.)

This Student Study Plan is to be used by students who:

1. Intend to apply for change of major into a College of Engineering undergraduate program.
2. Are seeking reinstatement to the mechanical engineering major after disqualification from SJSU
3. Have other reasons for documenting advisor recommendations on classes.

Note that fulfillment of the Study Plan **does not guarantee** change of major or reinstatement to the Major.

If you have fewer than 45 units completed and have not yet completed Math 30 or enrolled in Phys 50 AND you are not currently an engineering major, you will need to meet with an advisor in the Engineering Student Success Center instead of using this form if you wish to change major into ME.

SJSU ID _____

Last Name _____ First _____ MI _____

E-mail Address _____

II. Current Status

In Good Standing _____

On Probation (in Major) _____ (in University) _____

Disqualified (from Major) _____ (from University) _____

Current Major/Concentration: _____

Requested Major/Concentration (if seeking Change of Major): _____
