(B) Norma Riccucci, Public Personnel Management, Current Concerns, Future Challenges 5th edition, (Pearson, 2011).

### **Other technology requirements / equipment / material**

## **Course Requirements and Assignments**

Chapter Analyses: Each chapter covers a human resources topic that appears in the Riccucci text and other sources. You must come to class ready to discuss. You will be required to provide written analysis and lead a discussion identifying key points and relevant concepts. Papers should be 4-5 pages double-spaced typewritten. CLO 1,2,5

Examination: The text contains study questions to prepare for the exams as we go along from topic to topic. They will be directly tied to the lecture/discussion and the texts and will contain no surprises. Credit will be given for thorough analysis and synthesis on the exams. Merely listing facts demonstrates the ability to memorize and does not demonstrate knowledge of material. CLO 3,4,5

Term Paper (Final): Papers should be a 10 to 12 pages double-spaced typewritten (Not including the cover page and references). Papers should contain at least 10 references from the literature of the last 5 years. The topic must be on an aspect of Public Personnel Management and be approved in advance by the instructor. Students must take care that appropriate citations are used. Direct quotations must be so indicated with quotation marks and a specific reference to the page in the source from which it was taken. Ideas from others must also be referenced although quotation marks are inappropriate. CLO 1,2,5

Class Participation: You will be rated on your ability to remain actively engaged in the discussion by contributing relevant themes and referencing applicable concepts from the textbooks. In addition, you will be asked to participate in team exercises, and make ad hoc presentations to the class. CLO 2,5

*Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. ## University Policies

### General Expectations, Rights and Responsibilities of the Student

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. To learn about these rights and responsibilities, please read [University Policy S16-15: Students' Rights and Responsibilities](#) and SJSU's current semester's [Policies and Procedures](#). These Policies and Procedures include links to relevant information should questions or concerns about a class arise. In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not address the issue, it is recommended that the student

contact the Department Chair as the next step. At any point, a student may contact the [University Ombudsperson](#).

## **Academic Integrity**

Your commitment as a student to learning is evidenced by your enrollment at San Jose State University. The [University Academic Integrity Policy F15-7](#) requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. Visit the [Student Conduct and Ethical Development](#) website for more information.

## **Accommodation for Students' Religious Holidays**

[University Policy S14-7](#) states that San José State University shall provide accommodation on any graded class work or activities for students observing religious holidays that require absence from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline, the student must notify the instructor, in writing, at least three days before the absence. It is the responsibility of the instructor to make every reasonable effort to honor the request without penalty, and of the student to make up the work missed.

## **Adding and Dropping Classes**

Students are responsible for understanding the policies and procedures about add/drop. Add/drop deadlines can be found on the current academic year calendars document on the [Academic Calendars webpage](#). Students should be aware of the current deadlines and penalties for dropping classes ([Late Drop Information](#)).

Information about the latest changes and news is available at the [Advising Hub](#).

## **Attendance and Participation**

Attendance is the responsibility of the student. However, attendance itself may not be used as a criterion for grading. Students are expected to attend all meetings for their courses, as they are responsible for all material covered, and active participation is frequently essential to ensure maximum benefit to all class members. Participation may be used as a criterion for grading when the parameters and their evaluation are clearly defined in the course syllabus and the percentage of the overall grade is stated. The full policy language can be found at <http://www.sjsu.edu/senate/docs/F15-3.pdf>

## **Accommodations for Students with Disabilities**

[Presidential Directive 97-03](#) requires that students with disabilities requesting accommodations register with the [Accessible Education Center](#) (AEC) to establish a record of their disability. AEC will contact the instructor with further details, if needed

If special arrangements are needed in cases of emergency or if the building must be evacuated, please make arrangements with the instructor.

## **Consent for Recording of Class and Public Sharing of Instructor Material**

[University Policy S12-7](#) requires students to obtain instructor's permission to record the course. The following criteria define expectations relating to recording a course.

- Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without approval. You may not publicly share or upload instructor generated material such as exam questions, lecture notes, or homework solutions without instructor consent. This prohibition includes sharing information with third parties and on websites.
- You must obtain the instructor's permission to make audio or video recordings in class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.
- Permission from the instructor, whether in writing or orally, may extend to either a single class or the entire semester.
- In classes where active participation of students or guests may be on the recording, permission of those students or guests must be obtained as well.

## **Timely Feedback on Class Assignments**

Per [University Policy F13-1](#), all students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades.

## **Counseling and Psychological Services**

The SJSU Counseling and Psychological Services is located on the corner of 7th Street and San Carlos in the new Student Wellness Center, Room 300B.
