New Business Items for 2023/2024

1. The UGS committee will review curricular proposals as they are submitted. To allow everyone on the committee enough time to thoroughly review the proposals, UGS needs to have received the entire proposal and have it met all approvals in Curriculog at least one week prior to the next scheduled meeting. Then proposals go on the agenda in the order they were received. The committee does their best to get through all the items on the agenda in the allotted time. Hope that helps explain the UGS committee's process and the time we take to ensure we're doing our due diligence with curriculum review while still being prompt in our response to the curriculum proposers as well as equitable to the committee members' faculty schedules and workloads.

Please return to the Office of the Academic Senate (CLK 500/0024) by July 1, 2023.
