1. Approval of the May 18, 2018 meeting minutes.
2. Discussion of the 2018-19 University budget.
 - a. The State provided additional General Fund support for mandatory costs, including salary contracts and benefits.
 - b. The CSU received \$75 million of base funding for Student Success.
 - c. The CSU also received \$120M of 1X enrollment funding available over four years, which we are evaluating how to best utilize so that we don't have a cliff after four years.
 - d. The State did not adequately address the funding need for the \$3 billion of systemwide deferred maintenance backlog.
 - e. On campus, we continue to rely on a 3-year budget model. CFOs across the system have been reviewing how we approach budgeting.
 - f. Discussion of Interdisciplinary Science Building (ISB) project, a \$180M 8-story building.
 - i. Research Foundation will be funding a portion of the building.
 - ii. The building will have collaborative spaces on all floors – research labs, teaching labs. The facility will physically enable and change how faculty and students engage in research on this campus.
 - iii. Campus will receive some funding for the building's maintenance and operations (when online).
 - g. The University budget will support campus priorities and initiatives. Dovetail with the campus strategic plan.
 - i. Research and RSCA (Doctorate of Audiology, Release time for faculty)
 - ii. Safety (Ensure that we have safe areas on campus, library)
 - iii. Student Success. Prior student success initiatives had not previously been funded – including the success centers. We needed to commit funding towards these initiatives.
 - h. Discussion of the University budget process.
 - i. Vice Presidents were asked to submit budget requests that resulted in approximately \$150M of requests, with only \$60M of funds available.

- ii. 90% of the Cabinet retreat conversation were grounded in budget discussions.
 - iii. IT will be working with units to provide business and data analytics.
 - iv. A review of the budget requests led to the classification of some budget requests as “unavoidable”, e.g., Clery Coordinator, Hammer Theatre, adequate funding for success center staffing, commencement, custodial contract, VM Ware costs, DocuSign.
 - i. Discussion regarding the last Board of Trustees meeting and topic of executive compensation.
 - j. Ariadna spoke to some of the students’ priorities: cost of textbooks, student success, interest in more applied work (projects, internships), housing, safety, parking, support for food security, unDocuSpartan Center.
- 3. Discussion of the Academic Senate schedule with respect to the Annual Budget Report and presentation.
- 4. Spartan Shops and Chartwells update
 - a. Charlie is serving as Interim Chair of Spartan Shops, Inc.
 - b. 650 students in May transferred over to Chartwells with the same pay packages. We now have 900 students (which is the same as Spartan Shops employed).
 - c. Of the 60 full time employees, 50 remained with Chartwells, 4-5 came to SJSU.
 - d. New branding, some new concepts.
 - e. Feedback is that quality is higher. Chartwells will be asked to review pricing for lunch and dinner (breakfast is a similar price point). Faculty and students have noted some concerns regarding pricing.
 - f. Discussion of negotiating with Chartwells on pricing for events. They will work with departments and organizations for pricing.
- 5. Meeting adjourned at 2:00pm.

MINUTES

Thursday October 18, 2018, 12:00pm-2:00pm

Location: Clark 540

! "\$%&'(!)*+, (-+. , &*

Present: Charlie Faas (Co-Chair), Bradley Olin, Simon Rodan, Michael Kaufman, Sandy Hirsh, Dora Ruiz (Academic Affairs representative), Billie Jo Grosvenor, Marna Genes, Susan Jaynes

Absent: Ravisha Mathur (Co-Chair), Ariadna Manzo, Kathleen McConnell

1. Approval of September 27, 2018 minutes.
2. Feedback and discussion on the two Senate Budget Presentations.
 - a. University presentation will be posted online this week.
 - b. Discussion of the questions asked at the presentations.
 - c. Clarification that Hammer Theatre receives budget support of \$1.3M. There are other budget items that were deemed mandatory; Hammer was referenced at the presentation as an example.
 - d. Further discussion regarding the Senator's inquiry about a center for Asian students (not specifically defined). The existing student success centers largely grew out of the task forces that were active several years ago. Establishing other centers would be stewarded out of the Division of Student Affairs.
3. Discussion of budget model.
 - a. Non-resident tuition and fees help to support additional resident students above the state-funded level. There is a balancing point as to the number of surplus students that we can support.
 - b. The Board of Trustees discussed budget model, funding constraints (October 16, 2018) with guest Russ Gold from the College Futures Foundation.
 - c. Discussion regarding the centralized salaries model implemented at SJSU in 2018-19. Concern shared from AAD that operating budgets are inadequate; some areas may draw from prior year balances, but not all and not year-after-year. Charlie advised that departments should periodically evaluate how existing resources are used when considering starting or expanding something new.
 - d. A recommendation was shared that Bradley could attend the UCCD meetings to provide more support to Directors and Chairs.
 - e. Discussion of employing a three-year budget model. The SJSU three-year university budget model anticipates that mandatory costs are funded from the State. There is a systemwide interest in longer range planning; some support predictable tuition increases.
4. Discussion of campus food insecurity and options for campus dining.
 - a. The quality of data collected across the system regarding food insecurity needs improvement.

- b. Discussion of State University Grants (SUG) and the relationship with food insecurity. Many times, the need does not overlap with the funding. Not all students are eligible for SUG.
- c. The capacity of dining facilities on campus limit some of the options available to expand campus dining.
- d. Second Harvest Food Bank will continue to assist in distributing groceries and will operate the future food pantry. Students can contact Student Affairs to request additional assistance.
- e. Discussion of the resources available to students to support financial literacy.

Presidential appointee from outside Academic Affairs

VP Administration & Finance, Co-chair

AVP Academic Budgets & Planning

Dean

Department Chair

2 Faculty Senators

2 Faculty-at-large

AS President or designee

Academic Affairs Staff Member with budget resp.

Items to consider:

- i. Change in charge moves away being a mechanism to communicate financial issues across the campus, and beyond understanding of budget issues.

ii. What is the need for a presidential appointee from outside of Academic Affairs? Vs. Appointee from Admin and Finance with budget responsibility (e.g., Director of Budget Planning and Financial Management).

3. Discussion of BAC Responsibilities

How and when to implement the responsibilities as outlined in [F15-9](#)

- a. Discussion of priorities within policy
- b. Advising the president
- c. Review of finance goals, budget allocations as linked to strategic plan
- d. Information regarding our auxiliary organizations

4. Budget Presentations: follow-up questions

- a. State allocation of money specifically designated for hiring additional tenure track faculty (\$25 million to hire tenure-track faculty). San Jose State has been allocated \$1,243,000 for "Extra Support for Tenure Track Hiring." Are new tenure-track positions being added to the 69 positions indicated on October 15th? This money was designated for new hires above the baseline before the signing of the 2018-19 state budget. Need some clarification on how this additional money is being spent and is it aligned with hiring priorities and working on tenure density.
- b. Funding of the Employee Accommodations Resource Center: Why/how is this funded through Academic Affairs? What about staff accommodations? How does this disrupt department budgets as items such as student assistant hours (required accommodations) cuts into allocations for student assistant hours (as linked to college resources)? Clarification of how EARC is budgeted into university budgets.

5. Discussion of \$75 million Graduation Initiative Funds

- a. Base funding or designated funding?
