## COURSE REQUIREMENTS AND ASSIGNMENTS

“Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.”

**\*\*If you are struggling or think you may fail the class, please come and see me during office hours. The earlier you talk with me, the more I can assist you. Please do not come to discuss passing the class in the last few weeks of class.**

### Exams (50%)

The exams, one midterm and one final, will consist of multiple choice, true/false, and short answers based on the readings, lectures, classroom presentations, media shown, and discussions. A makeup of a missed exam requires an official notice from a doctor, court officer, or other official.

### Class Participation (15%)

We will do in-class assignments for most class sessions. You get points for showing up to class and doing the assignment. Points are not assigned based on how many times you raise your hand or talk in class. Some students do not enjoy talking in front of the class, and other students enjoy it. I would like every person to participate as much as they are able. See classroom protocol for use of devices, which is a different issue.

### Reading Quick Notes/Summary (20%)

To include in your Quick Notes/Summary :

- In your own words, write at least three statistics, facts, or points the author makes from the reading (not quotes).
- Come up with at least 2 discussion questions for each reading

- Write at least one paragraph on something you found interesting from the reading.
- Turn in your assignment by the due date. These will be turned in on Canvas.
- You will turn in 11 Quick Notes/Summaries over the semester.
- Your lowest score will be dropped.
- Do not turn in a page of quotes.
- Make sure the writing is in your own words.
- Your Turnitin Score must be under 10% for credit for this assignment.

## **Global LGBTQ Rights (10%)**

During the first week of class, you will choose a group project for the course. You will research and present on an issue that has to do with LGBTQ people, organizations, laws, rights or movements in one country (Not the US). Your group can pick a specific focus, such as trans rights, current LGBTQ struggles, Legal battles, etc. You will be presenting this as a group during the semester. Your group will be presenting a short 10-minute presentation on the issue and country of your group. Each group member will be graded separately, but you need to coordinate and work as a group on your project. Each person will have two to three minutes to present.

## **LATE POLICY**

I will accept assignments turned in to me before class up until one week past the due date. I will not accept assignments through email. If you turn in the assignment late, you will receive partial credit, up to one half of the full credit for the assignment.

## **CLASSROOM PROTOCOL**

You are expected to arrive on time, participate in class discussions, and to be attentive during lectures and discussions. It is important to be courteous and respectful to your peers as well as to the instructor. Please refrain from using computers (unless typing notes for lecture), cell phones, earphones or other devices during class. When someone is using their phone or browsing the web on their computer, it is difficult to lecture, and makes discussions impossible. It is also distracting to other students. We do activities in class, so if you cannot participate in class without your technology, you should find another class.

If you are using your phone or computer while in class (unless cleared ahead of time), you may be asked to leave for the rest of the class period. If you are talking while the professor is lecturing or other students are presenting, you may be asked to leave for the remainder of the class period. This is not meant as a punishment; it is meant to ensure the wellbeing of the class as a whole. If you come to class, I expect you will give the class your full attention.

**EMAIL:** If you have an emergency that you think I can help you with, please email me. If you have general questions, please don't email me about those questions. Please ask any general questions during our class sessions. We meet in person, and there will always be time in class to ask any questions about assignments, due dates, possible topics of research, and any other issue you might want to discuss. If you have something personal you want to discuss, please come to my office hours. If you do need to get ahold of me for something you cannot ask me in class or during office hours, please send an email. If I do not respond within two days (excluding weekends), please assume I missed your email and resend it. I appreciate your understanding of email fatigue.

**PHONE:** I do not check the phone assigned to me, so please see me in class or during office hours for any important issues.
