## Course Description and Requisites

Course Description: Geography 112 is an SJSU Studies course in Area V: Cultures and Global Understanding. Courses in this area should give students an appreciation for human expression in cultures outside the U.S. and an understanding of how that expression has developed over time. The course should also increase students' understanding of how traditions and cultures outside the U.S. have influenced American culture and society, as well as how cultures in general both develop distinctive features and interact with other cultures. Specifically, this course is a geographic exploration of some of the most pressing contemporary world issues in politics, economy, security, human-environment relations and the interaction of cultures. Reading and writing assignments, and short chapter film clips are all used to gain a better understanding of these complex problems and their geographic dimensions. Students will develop their ability to think critically, independently, relationally, and contextually, and to communicate their views effectively, particularly in writing.

GE Area(s): V. Cultures and Global Understanding

Prerequisite(s): Completion of Core General Education and upper division standing are prerequisites to all SJSU studies courses. Completion of, or co-registration in, 100W is strongly recommended.

Note(s): All of SJSU Studies courses require upper division standing.

The General Education Program has three goals:

Goal 1: To develop students' core competencies for academic, personal, creative, and professional pursuits.

Goal 2: To enact the university's commitment to diversity, inclusion, and justice by ensuring that students have the knowledge and skills to serve and contribute to the well-being of local and global communities and the environment.

Goal 3: To offer students integrated, multidisciplinary, and innovative study in which they pose challenging questions, address complex issues, and develop cooperative and creative responses.

## □ Course Requirements and Assignments

- 1) **Chapter Quizzes [60%]:** At the end of every Chapter, there is a 15 question multiple-choice quiz. The quizzes are open Etext, so feel free to consult the text for your answers. Thus, you will be required to respond to **EACH** of these responses with **at least** three to four well written sentences (~50-60 words per response prompt), which demonstrate that you have read the material and thought deeply about it. You will receive 5 points per Chapter if you respond intelligently to each of these “Journal” prompts. (Make sure you read your response aloud to yourself and spellcheck it before submitting it.)
- 3) **Select Topic Essays [20%]:** There are two short essays required for this course. Each will be about 3 pages in length (~1000 words/essay) and will be based on your learning and understanding of a select current world topic/issue as a result of this class (and other relevant outside experiences). The two select topic essays are worth 10 points each for a total of 20 points, or 20%, of your final grade. More details on these two essay assignments will be available via our Canvas course site.
